

INCIDENT MANAGEMENT SITUATION REPORT
THURSDAY, APRIL 03, 2003 – 1000 MST
NATIONAL PREPAREDNESS LEVEL 2

CURRENT SITUATION:

Initial attack activity was light to moderate nationally, with 193 new fires reported yesterday. Ten new large fires were reported yesterday; eight in the Southern Area and one each in the Eastern Area and Rocky Mountain Area. Five large fires were contained; four in the Southern Area and one in the Eastern Area. Very high fire indices were reported in Indiana, Missouri, Kentucky and Oklahoma.

COLUMBIA RESPONSE, Federal Emergency Management Agency. A FEMA Emergency Operations Center is established in Lufkin, Texas. Three Type 1 Incident Management Teams (Studebaker, Gelobter, and Bennett) are assigned in Corsicana, Hemphill, and Palestine, Texas. Two Type 2 Incident Management Teams (Houseman and Gray) are assigned in Longview and Nacogdoches, Texas. Forty-eight agencies are cooperating in the search and collection of shuttle materials. A total of 408,544 acres have been searched to-date.

NEWCASTLE, Animal and Plant Health Inspection Service, USDA. State and Federal personnel have been mobilized in response to the outbreak of the Exotic Newcastle Disease. They are working in support of the USDA APHIS operation under a Unified Command. Support operations are being conducted in Arizona, California and Nevada.

SOUTHERN AREA LARGE FIRES:

BIG PASTURE, Oklahoma Division of Forestry. This fire is burning in slash and hardwood litter is four miles south of Antlers, OK.

BLAYLOCK MOUNTAIN, Ouachita National Forest. This fire is located on the Caddo Ranger District, Montgomery County, AR and is burning in timber.

LITTLE ROUND MT. FIRE, Oklahoma Division of Forestry. The fire is located fifteen miles northeast of Muldrow, OK and is burning in hardwoods and scattered pine.

BOLIN HOLLOW FIRE, Oklahoma Division of Forestry. This fire is located eighteen miles southeast of Tahlequah, OK and is burning in hardwoods and grass. Personnel are completing burnout operations.

WEST HANA, Ouachita National Forest. This fire is in Polk County, AR and is burning in timber.

OSAGE COUNTY COMPLEX, Osage Agency. This complex of ten fires is located in Osage County, OK.

NECHES HIGHLINE, Texas State Forest Service. The fire is 20 miles north of Palestine, TX and is burning in a pine plantation. No new information received.

INGERSOLL, Oklahoma Division of Forestry. This fire is six miles north of Stringtown, OK and is burning in hardwoods, cedar and tall grass.

PUCKETT BEND FIRE, Ouachita National Forest. This fire is located in Montgomery County, AR and is burning in a mix of hardwoods and pine. Active fire behavior was observed with spotting.

ROCKY TOP, Oklahoma Division of Forestry. The fire is eight miles southeast of Hartshorne, OK and is burning in a mixed stand of hardwood and pine with heavy residual slash. Personnel are completing fireline.

HAIRPIN CURVE FIRE, Oklahoma Division of Forestry. This fire is nine miles south of Wilburton, OK and burning in ice damaged pine and hardwoods with heavy slash. Active fire behavior was observed with spotting and torching.

BUZZARD HOLLOW FIRE, Oklahoma Division of Forestry. The fire is burning in a mixed oak stand 15 miles southwest of Stilwell, OK. Personnel are completing fireline and burnout operations.

BEN SMITH FIRE, Oklahoma Division of Forestry. This fire is three miles north of Kenwood, OK and burning in mixed hardwoods. Flame lengths of 8 to 18 feet were observed.

CHICKEN HOLLOW FIRE, Oklahoma Division of Forestry. The fire is burning in a mixed oak stand three miles northwest of Kenwood, OK.

WYCHIE MTN. FIRE, Oklahoma Division of Forestry. The fire is ten miles southeast of Stilwell, OK and burning in a mixed hardwood stand with residual slash from logging and ice damage.

OUTLOOK:

*****A RED FLAG WARNING IS IN EFFECT FOR OKLAHOMA AND TEXAS FOR LOW MINIMUM RELATIVE HUMIDITY AND WINDS*****

High pressure off the Georgia and Florida coast combined with an area of low pressure moving from Kansas into Iowa will produce strong southwest winds in the Southern Plains today. A cold front associated with this system will move very slowly from west Texas today to east Texas Friday evening. Very little rain is expected with the front until the predawn hours of Saturday. Kentucky, Tennessee as well as northern portions of Alabama, Mississippi and extreme southeast Arkansas should be moistened by numerous showers. This system is expected to produce widespread rainfall over the Southern Area. This system will not produce much rain in Oklahoma, Arkansas and Texas. Another low is expected to develop in western Oklahoma during the predawn hours of Sunday, this system will bring some rain to Oklahoma, northwest Arkansas, and northern Texas. Widespread rains up to one inch is forecast for Arkansas on Sunday.

A frontal boundary will remain nearly stationary from the northern Big Rivers states extending eastward into the Mid-Atlantic states. Southwest winds of 15 to 25 mph with gusts to 30 will persist across the southern Big Rivers states into Thursday afternoon. Red Flag Warnings which were in effect on Wednesday, were allowed to expire over southern Missouri due to higher forecast minimum relative humidity's on Thursday. Along the front, an area of low pressure is expected to develop over the mid Mississippi Valley. This will create precipitation across the Great Lakes states. The precipitation will fall as snow, sleet or freezing rain over northern portions of this area with rain in the south. Precipitation is also likely in the western New England states along and north of the front. Brisk northeast winds will keep the northern tier states on the cool side.
